WOAH: Aquatic Code Standards for Comment

Last Modified:

The Aquatic Animals Commission helps ensure the Aquatic Animal Health Code (Aquatic Code) and Manual of Diagnostic Tests for Aquatic Animals (Aquatic Manual) reflect current scientific information. The Aquatic Code and Aquatic Manual contain international standards for trade, disease prevention, and disease control for aquatic animals.

APHIS provides the draft standards below and invites stakeholders to comment.

- "For Comment" standards are proposed for comment.
- "For information" is provided for informational purposes.

To provide comments:

1. **Download** the files by clicking the links below that correspond to the standards you wish to review.
2. **Edit** the specific text you are commenting on by proposing text changes (that is, edit the text the way you believe it should read) using “Track Changes” in Microsoft Word.
3. **Add a “comment”** with the supporting *scientific or other rationale* for each of your proposed text changes using “Track Changes” in Microsoft Word.
4. **Submit** your proposed changes to usa.oie.iahs@usda.gov

a. *Part A chapters* - no later than April 21, 2025
b. *Part B chapters* - no later than June 4, 2025

The "USA Comments Submitted to WOAH" will be uploaded as soon as they are available, in the tables below.

While we strive to make all information posted to the APHIS website accessible to everyone, there may be some documents that do not fully comply with Section 508 of the Rehabilitation Act. If you encounter an inaccessible document on our website, please send an email to APHISweb@usda.gov to request an accessible version.
