Wildlife Damage: Reports and Publications

Last Modified:

Program Data Reports

Program data reports detail the wildlife damage management activities carried out by APHIS Wildlife Services. Information is presented by State, species, and other details.

Factsheets, Brochures, and Other Outreach Products

Browse APHIS factsheets, brochures, and other outreach products to learn about our work, regulations, and agricultural pests and diseases.

FOIA Reading Room

APHIS' Freedom of Information Act Reading Room contains frequently requested documents and records routinely available to the public under FOIA.

National Environmental Policy Act Documents: Wildlife Services

View final NEPA documents from APHIS Wildlife Services, organized by State.

Wildlife Damage Management Technical Series

The Wildlife Damage Management Technical Series highlights wildlife species that cause damage to agriculture, property, and natural resources, and/or impact human health and safety.
