2025-APHIS-01632-F	Hansen, Ellie	Dog Research Exposed Podcast	I already have the inspection reports for TRS Labs. I'm looking for more specific information such as any paperwork including purchase orders that will show why there is such a discrepancy in the number of dogs between 2022 and 2023. APHIS inspectors must have looked at euthanasia paperwork or transfer paperwork for example, and this is what I request to see. Also, I'd like to see purchase orders for dog intake as well. My request is in regards to TRS Labs Inc at 215 Paradise Blvd, Athens, GA 30607. In the 2022 Annual Report, TRS Labs reported having 771 dogs. In 2023, TRS Labs reported having only 414 dogs, a difference of 357 dogs within a one year period. I'm requesting the following information related to this fact: 1) What happened to the 357 dogs that essentially disappeared from TRS Labs between 2022 and 2023; 2) Where does TRS Labs purchase their dogs from; and/or Do they do breeding themselves; 3) What breeds of dogs does TRS Labs use; and 4) What specific studies and protocols is TRS Labs using dogs for?	11/12/2024

2025-APHIS-02336-F	McCullough, Irvin	Government Accountability Project	From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details. To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your office cannot find 10 completed case files with these criteria, please send as many case files as you can find that do.	11/26/2024
